Appearance**

State Of The Art In Performance Technologies

Features and Benefits

- **Fusion Welded Sash:** Provides an impenetrable barrier to air and water penetration and the utmost in strength and integrity.
- **5°Positive Sloped Sill:** Provides water runoff, even in driving rain.
- **Deeply Pocketed Head:** With weather stripping to resist air infiltration.
- **Heavy Walled Construction:** For increased strength and stability.
- **Constant Force Balance System:** Provides smooth and maintenance free operation of sash.
- **Attractive Integral Lift rail:** Provides easy sash operation.
- **Dual Tilt In Sashes:** Both sashes tilt in for easy cleaning.
- **Recessed-in Tilt Latches:** Color matched low profile latches for a neat appearance.
- **Sunshield® Vinyl:** An advanced vinyl window material with a proven weather beating formula.
- **3/4" Insulating Glass System:** For maximum regional thermal efficiency. Optional Low-E coating for additional energy savings.
- **Warm Edge Technology:** Non-Conductive spacer provides barrier to heat transfer in insulating glass unit.
- **Interlocking Meeting Rail:** Integral interlock provides additional security.
- **Composite Lock and Keeper:** Cam action actually draws sash closer together for positive lock.
- **Two Layers of Weather Stripping:** With double mylar fins for resistance to air and water infiltration.
- **Non-Corrosive Hardware:** Years of trouble free performance, no matter what the environment.
- **Limited Lifetime Warranty** **(See warranty for details)
