300 SERIES CASEMENT & AWNING WINDOW

Casement Windows

Classic beauty and effortless operation makes this a one-of-a-kind casement window system. A beveled frame, slimlines, and maximum glass exposure combine to create a sleek appearance.

Features

- Solid virgin PVC construction
- High tech fusion-welded frame and sash/vent
- 3 1/4" frame depth
- Standard multi-point self-locking system
- 7/8" insulated glass on casement, 3/4" on hopper
- For New Construction and Replacement applications
- Extruded aluminum screens

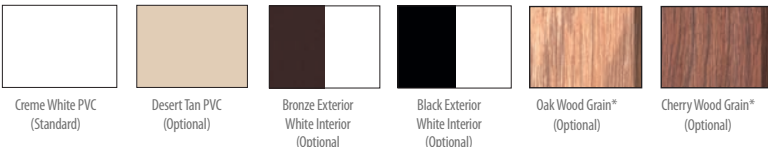

Awning and Hopper Windows

The welded awning or hopper combined with the picture window produces a sophisticated, uncluttered look with a great view. Advanced window technology gives the design many operational advantages.

Options

- Available in a variety of optional colors
- Available in sculpted or colonial, designer, diamond, or prairie grid configurations. Simulated grids also available
- Optional Low E glass and Argon gas
- Optional tempered glass
- Optional obscure glass (frosted)
- DP-50 Structural performance
